Clubtags neatly lace onto sports shoes to give Membership ID at a glance. Each tag bears the name of the Club and the current subscription year. At the end of the year, the colour and date are changed, so that those who renew their membership are clearly identified.

- Prevents non members using club facilities
- Speeds up payment of subscriptions
- Costs are recovered in recouped fees
- Always visible unlike electronic systems
- Long lasting and secure

We have been making Clubtags for over 30 years, and have by far the widest range of economic and visual ID tags.

“We have been pleased with the quality and the efficiency of our orders. We use the Velcro tags - ideal for children’s tennis shoes. We would also recommend the string dampeners which are used on the tennis rackets.”  
- Muriel Rae, President of Blairgowrie Tennis Club
